# Friday Sermon

True Concept of Khataman Nabiyyeen
Brief Summary

• As a jamaat, we really should have a good understanding of Khataman Nabiyeen. *Khataman Nabiyyeen* – Seal of the Prophets, has been stated in the Holy Quran. An awful misunderstanding against us Ahmadi Muslims is that that we do not believe in the doctrine of *Khatm-i-Nabuwwat*. The difference is only in interpretation of the title and not in the title itself.

•The Promised Messiah (as) says "The seal of the prophethood is one of the signs of the prophethood of Holy Prophet (saw)" The fact that the Holy Prophet (saw) is Khataman-nabiyeen (seal of the prophets) is one of his signs of existence, and it is necessary for every Muslim to believe in it.

•In pakistan, Khataman- Nabiyeen gets wrongly interpreted, and causes many issues for Ahmadis.

•The Promised Messiah has not brought a new faith – He is only teaching us true message of the Holy Prophet (saw)
