

Friday Sermon

April 06, 2018

Brief Summary

- Hazur's Friday sermon was how to attain righteousness and fulfilling our pledge.
- Ahmadiis should stay away from falsehood, regardless. Allah has declared falsehood to be similar to Shirk or associating partners with God. After having accepted the Imam of the Age, we should strive to rid ourselves of these fundamental vices. Those people who have recognized the purpose of their lives, their first goal should be to please Allah. And we can achieve true success only if we attain this goal.
- The Promised Messiah has explained to us that mere Bai'at does not achieve anything, if one does not fulfill its true objectives. And its true objective is to attain Taqwa (righteousness and fear of Allah) and ponder over the Holy Qur'an. In order to achieve the pleasure of Allah, it is important to obey His commands and stay away from matters He has forbidden.
